

SCOTTVILLE PRIMARY NEWSLETTER TERM 1 2019

Greetings all

The year has only just begun but our Scotties have already had an amazing year filled with fun, laughter and new opportunities to showcase their skills.

Our year started off with a race to the finish line... Athletics! Above is a picture of our Scotties team who represented the school at the Interhouse meeting in Bluedowns. Of course, a team cannot go anywhere without a few coaches... These ones surely enjoys serving our learners.

In other co curricular news: Our Chess club competed in the Western Province Chess Trials in February (top right) and the Science club furthered their knowledge by attending the ESKOM EXPO workshop in Diep River (Bottom right).

Life at Scottville Primary is so much more fun with celebrations. Firstly we celebrated our principal, Mrs Z. Muller's birthday (far left). We also acknowledged the learners who have embodied our school values (left and bottom). Our values for January and February, respectively, were Purposefulness and Loyalty.

Our learners also celebrated World Day of Prayer for Woman (top) where we prayed for the country of Slovenia, Reading Aloud Day (bottom left) where we were entertained by amazing readers reading enticing stories. Since February is the month of love...our learners strutted their stuff on the catwalk in our Valentines Day program. (bottom right)

Relaxing at FARMYARD after a busy term...
