

SCOTTSVILLE PRIMARY NEWSLETTER TERM 2 2019

With the Western Cape Education Department declaring 2019 the Year of the Learner, we decided to gift our learners with party packets to express our joy for having them as part of our lives. We also incorporated this with Africa Day, celebrating the richness and diversity among the people of our beautiful continent. Our teachers also joined in the fun as they went back in time and became learners themselves.

Our learners took participated in various sport codes such as chess, netball, mini rugby, etc. We also had learners who took part in the GrowSmart Story Writing competition: Zarrah-Lee Brandt, Likhnaye Mkhumatela and Tapiwanashe Ndongwe. Our team for the Literary section consisted of Nolan Titus and Abednego Kamao. Representing our Science team was Eden Jacobus, Tohiereah Cupido, Max Verwant, Amber Manuel, Kenwill Oliver and Logan Koopman (left below). A heartfelt thanks to everyone who supported our annual Sports

Our school population has grown immensely within the past few years. For this reason, we would like to express our heartfelt thanks to the Western Cape Education Department for proving us with two new mobile classrooms (left)
