

SCOTTVILLE PRIMARY NEWSLETTER TERM 3 2019

Heartfelt greetings to our Scotties family

Christmas came early this year as we received many gifts from various organizations. We would firstly like to thank Alpas Plastics for gifting our learners with water bottle. This will certainly help as the warm months approaches. We also received stationary from the University of Stellenbosch and the Goldilocks and Bear organization which have helped our learners to express their creativity even more. Our creativity was further sparked when our learners took part in the Cashbuild Art-at-Heart competition. We extend our thanks for the generous monetary contribution which we received. A special congratulations Alicia Kemp for winning the Blue Ribbon competition. May you enjoy every moment on your new gift.

We have embodied the principle of not only receiving but also to give and bless others. In celebration of Mandela Day, our learners visited the KSE Kraaifontein Old Age Home in order to gift a few of our elders with some sweet treats.

Our learners were also inspired by the testimonies and songs from the Bonnytoun Child and Youth Care Centre, De Novo Treatment Centre and Kraaifontein Roar, who visited our school in the month of September. (left).

This term we also learnt that learning does not only take place inside the classroom. Our Grade R learners visited the Two Oceans Aquarium, while the Grade 4's had a very informative visit from the Brackenfell Fire Department. (Above and right).
