

SCOTTVILLE PRIMARY NEWSLETTER TERM 3 2019

Well done to our future entrepreneurs (Grade 7 group) who provided our learners with mouthwatering and delicious goodies during their annual Market Day (above and below). We also thank everyone, especially the parents and guardians, who supported our learners with this Economic and Management Sciences project.

A special well done to our learners who participated in the Eisteddfod and Spelling Bee (Below).

We were certainly awarded many opportunities to showcase our skills this term. We would like to extend our heartfelt thanks to all our learners and parents/guardians, as well as members of the community who supported our school play (below and right).

As a school, we extend our sincere condolences to the families of those who have been victims of the heinous crimes. Our learners had our own form of protest showing that we will not tolerate Gender Based Violence. And that we will do everything in our power to protect those around us. (left)
