

SCOTTSDALE PRIMARY NEWSLETTER TERM 4 2019 Part 2

The 4th Term awarded us with the opportunity to acknowledge our learners who performed well throughout the year. Our Cultural event showcased some of our learners work done in Life Skills and Technology. Our sports and Grow Smart teams, as well as our learners who participated in the Eisteddfod, were also acknowledged at this event (below).

Our learners who performed academically were also given their moment on in the sun during our Diploma ceremony (right and below). It was also our final goodbye to our Grade 7 group, as well as our gr R graduation. We also introduced our parents to our prefects for 2020.

Mrs Muller, our principal, also received a reward from our Education District for being the driving force behind our extramural game changer (left below). We would also like to thank the City of Cape Town for the Walking Bus initiative. Our learners definitely feel more protected (right below)

Our learners showed their heart towards humanity by celebrating World HIV/AIDS Day (left and bottom left, as well as taking part in the SAFE Schools March against Gender Based Violence at Masimbambane HS(below).
